

PA-200T | 200 Series Intercoms |

Portable 2-Station VOX Minicom | PA 200 World's Smallest Portable Intercom

In this rapidly changing world of electronics, our industry is being bombarded by new innovative features from flat screen monitors to digitally enhanced audio systems. Our latest products, headsets and intercoms, have had a cell phone interface added so that you can communicate on the ground using your headset or have your cell phone as a back-up for a radio failure.

- Portable & Compact
- Cell / Satellite Phone Interface
- Pilot & Co-Pilot Volume Controls
- Adjustable Squelch Circuit
- Portable Push-To-Talk Switch
- Fail Safe Mode
- Easy Battery Access
- Powered by 9V Battery
- 25-30 Hours Battery Life
- Expandable to 4 Stations (PA-200EXP)

PA-400ST | 400 Series intercoms |

4-Station, Stereo, Cell / Satellite Phone Capable

The stereo version PA-400ST intercom is a portable design that has been used successfully in general aviation for over 18 years. No other intercom on the market has the features and capabilities of the PA-400ST intercom.

This particular series has been recently modified to include a cell phone jack for your safety and convenience. Before using in an aircraft we recommend that you take a check-ride in your living room and become familiar with all the features of your new intercom. A hook-up diagram is included in this guide along with brief description of each function and each control setting.

PA-Expansion Box| 200 Series intercoms |

2-Station Expansion Module

If you already own the PA-200T, you can expand your 2 stations to 4 stations by purchasing this expansion module. Convenient for those that occasionally flies with 4 passengers. Comes with 5 foot connecting cable.
